

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates. The cable ownership

cap is a crucial element of our democratic media, and it should not be weakened.

What is the purpose of the FCC? Are you here to protect the people or to protect corporations? Everyday, I am more and more disturbed by the freedoms you allow to media corporations. Take a stand and remember why you were created in the first place. Please do not let the media conglomerates continue to gain as much access and power as they have.
